PARENT TRAPS:

WHAT THEY ARE, AND HOW TO AVOID THEM

Austin Lambe, BCBA

Did you know our school district has its very own behavior analyst? He specializes in positive and effective strategies to encourage children to cooperate. Please come armed with your own behavioral questions, he is hoping for an interactive evening! Following Austin Lambe's presentation, Kristen Brett, the Inclusion Specialist from the Piedmont Recreation Department (PRD), will discuss the new "sidekick" program being offered this summer to help kids of all abilities participate in PRD activities.
